

Guardian Slate

Ultimate lightweight slate solution that
combines practicality and enhanced
performance for a beautiful roof

Guardian Slate is an innovative roofing system featuring the aesthetic appeal of natural slate without the risk of cracking and breaking.

Today's house builders and owners demand lower cost, faster and easier construction without compromising on quality while maintaining a traditional appearance.

To meet these demands, we are constantly developing new, high tech solutions for today's construction industry. Engineered using the most advanced technology in material development and manufactured from resin bonded crushed limestone, Guardian Slate is extremely durable, impact and heat resistant and offers the highest level of UV protection.

Available in five natural colours.

Guardian Slate is a lightweight natural slate alternative with no risk of breaking.

Available in a choice of five natural colours, Guardian Slate offers you the opportunity to add texture and style to your home. The colours have been tested to high UV exposure and exhibit virtually no fade and with no trace of cracking or splitting.
