SATIN RANGE

Our extensive satin colour range combines clean, fresh tones with a modern design appeal. These versatile shades create bright, uplifting spaces with a wipe-clean, hygienic finish, helping to elevate the look and feel of any environment.

GLOSS RANGE

Our gloss range offers a sleek, high-shine finish in select colours, perfect for creating a bold, modern look in environments where style and impact matter.

Standard Sizes
2500 x 1220mm
3050 x 1220mm

Thickness
2.5mm

Cleaning Guide

Clean gently with a cloth, warm water and mild detergent. Avoid harsh solvents or abrasives. Use ethyl alcohol or white kerosene sparingly to remove products such as paint.

We also offer a custom colour-matching option for uPVC cladding to ensure the perfect match for your project.

A COMPREHENSIVE RANGE OF PREMIUM QUALITY PROFILES TO COMPLEMENT OUR SHEET RANGE

WALL CLADDING PROFILE RANGE

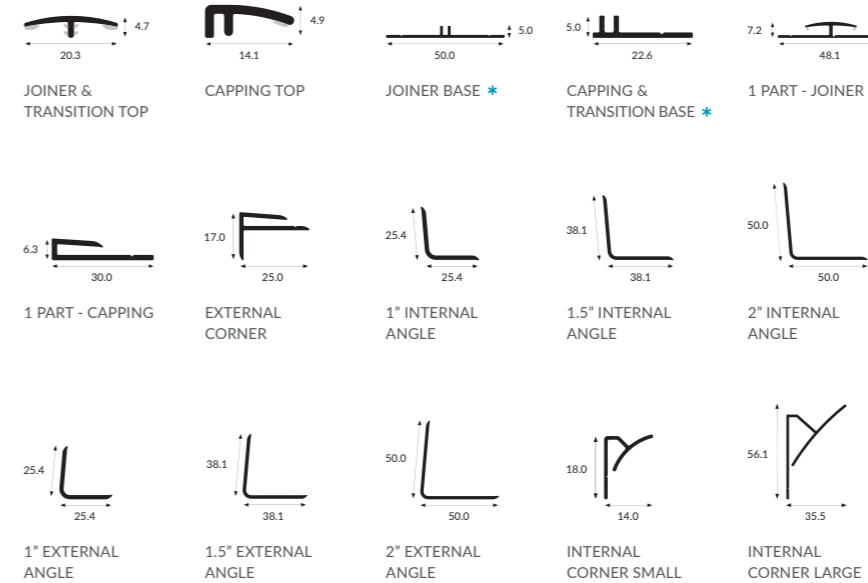

Precision Profiles for Seamless Installations

Our colour-matched profiles complement our Premium Cladding Collection, delivering a professional finish. They provide watertight seals, easy-to-clean surfaces, and a hassle-free installation process.

Whether creating smooth transitions or securing exposed edges, our profiles complete the look while enhancing durability, hygiene, and overall performance across every installation.
